TELL ME MORE Starting Guide - Campus v10

TELLMEMORE powered by Auralog

1

To access your language program, go to www.tellmemorecampus.com and enter your username and password.

2

You may need to enable Flash Paramters to run on your computer. This will not download anything on your system. Simply follow the onscreen instructions to set the permissions.
TIP: You need to select the radio button to the left of the green checkmark.

3

You have the option to watch a short guided tour of TELL ME MORE. The video will show you how to navigate the solution and will get you prepared to start your language training. To skip this step, click 'Continue'.

4

Next, please select the language you wish to learn.

5

Next, please select the language content you would like to work in: Professional Situations or Everyday Situations.

6

You will then need to determine your proficiency. You can either take the Auralog 'Assessment Test', or select a level for yourself. If the assessment test is chosen, it will open up in a new window.

7

Next you will need to select your objectives.

8

Once the objectives have been selected you can access your learning path by clicking 'Confirm'. You will be directed to your TELL ME MORE home page.

9

Your personalized TELL ME MORE home page provides access to your learning, progress, and support tools.
